

New from Cogmed:

Receive an Extra Year of Working Memory Training at No Additional Charge!

Cogmed Extension Training - a new way to monitor your long-term results from Cogmed Working Memory Training™

Cogmed ExtT features:

- 100 15-minute sessions over the 12 months following Cogmed Working Memory Training™
- Ability to self-monitor working memory status
- Uses the same CD, user name and password as with basic training
- **No additional cost** - ExtT is included in the price of Cogmed Working Memory Training™

We know that Cogmed Working Memory Training is effective and proven to have lasting results - but with Cogmed ExtT, you don't have to take our word for it. Contact us today and **experience the difference yourself!**

Note: You must first complete the basic Cogmed Working Memory Training™ course and receive approval from your Cogmed coach in order to access Cogmed ExtT.
